Respectfully submitted,

An analysis of the change in financial condition of the Town during the year is made in Exhibit B, with the factors which caused the change indicated therein. These were as follows:

Cash Surplus Used to Reduce Tax Rate	\$1,000.00	
Decrease in Accounts Receivable	1,052.54	
Decrease in Cash in Hands of Officials	4.00

Comparative Statements of Appropriations and Expenditures**—Estimated and Actual Revenues: (Exhibits C and D)**

Comparative statements of appropriations and expenditures, estimated and actual revenue for the fiscal year ended December 31, 1952, are presented in Exhibits C and D. As indicated by the budget summary (Exhibit D), a net revenue surplus of \$2,200.63, less a net overdraft of appropriations of \$1,753.65, resulted in a net budget surplus of \$446.98.

Summary of Receipts and Expenditures: (Exhibit E)

A summary of receipts and expenditures for the fiscal year ended December 31, 1952, made up in accordance with the uniform classification of accounts, is included in Exhibit E. Proof of the Treasurer's balance, as of December 31, 1952, is indicated in Exhibit F.

AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from depository banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records.

GENERAL COMMENTS**Current Surplus:**

The current surplus (excess of total assets over current liabilities) decreased from \$8,565.95 to \$7,026.29 in 1952, as shown by the following statement:

	Dec. 31, 1951	Dec. 31, 1952
Total Assets	\$8,774.70	\$8,610.79
Current Liabilities	208.75	1,584.50
	<hr/>	<hr/>
Current Surplus	\$8,565.95	\$7,026.29

Changes in Accounting Procedure:

As a result of the audit several changes have been made in the accounting procedure of the town officials. These were as follows:

Board of Selectmen:

Adopted the use of the Class A Receipts or Payments Book.

Tax Collector:

Adopted the use of (1) the standard form of loose leaf columnar cash book, (2) the standard form of tax sale record book and (3) form for reporting redemptions from tax sales to the Treasurer.

Town Clerk:

Adopted the use of the prescribed form of Town Clerk's Cash Book for recording motor vehicle permits and dog licenses issued.

Town Treasurer:

Will countersign town orders only after they have actually been issued and signed by the Selectmen. Checks will be entered as payments in Treasurer's cash book at the time of issuance rather than after their payment and return from the bank.

Uncollected and Unredeemed Taxes:

It is noted that there were uncollected and unredeemed taxes on account of the tax warrants of 1949 and prior years as follows:

	Uncollected Taxes	Unredeemed Taxes
Levy of 1949	\$30.52	\$223.28
Levy of 1948	6.25	31.09
Levy of Prior Years	17.75	272.11

It is recommended that these lists of uncollected and unredeemed taxes be carefully gone over by the Board of Selectmen and Tax Collector. Such taxes on the uncollected lists as appear to be uncollectible should be abated and tax deeds should be issued to the town by the Collector for properties represented by the unredeemed tax liens.

Town Treasurer's Surety Bond:

The Town Treasurer's surety bond for 1952 was written for \$2,000.00. Inasmuch as the funds handled by the Treasurer in 1952 totaled \$43,000.00, it is recommended that the surety bond be increased to \$5,000.00 in 1953.

Conclusion:

The provisions of Section 31, Chapter 211, of the Laws of 1939, require that this report or a summary of its essential features shall be published in the next annual town report.

We extend our thanks to the officials of the Town of Dalton for their assistance during the course of the audit.

Yours very truly,

Director

REPORT OF THE BOARD OF EDUCATION

To the Citizens of Dalton:

The school board herewith submits its annual report. The report includes the treasurer's report for the fiscal year July 1, 1951 to June 30, 1952 with a statement of expenditures; budgets and estimated receipts for the present school year and for next year; and a written report by the superintendent of schools.

The budget of \$26,731.95 for the year 1952-1953 was approved at the last regular school district meeting. At that time it was anticipated that Dalton would receive \$5,779.34 state aid. The amount of state aid was actually cut to \$4,483.26. This resulted in a loss of approximately \$1,300.00 to the school district. Your costs for tuition were less than anticipated due to failure of certain pupils to continue their education. The budget was then revised and it appears now that your school district will end the year without a deficit in spite of the \$1,300.00 loss in state aid.

The budget for the year 1953-1954 is higher than this revised budget due for the most part to an anticipated increase in tuition costs because of increased numbers of pupils. We, therefore, request an appropriation of \$26,179.05 for the support of schools for the year 1953-1954.

WILLIAM E. BOYLE,
CLARIBEL C. BLAKSLEE,
LEONARD CARBONNEAU,
School Board of Dalton.

AUDITOR'S CERTIFICATE

This is to certify that I have examined the books and other financial records of the School Board of Dalton, of which this is a true summary for the fiscal year ending June 30, 1952, and find them correctly cast and properly vouched.

SUPERINTENDENT'S REPORT

To the School Board and Citizens of Dalton:

It is with pleasure that I submit my annual report relative to your schools.

This past year brought only one change in the teaching staff. Mrs. Shirley Aldrich of Dalton, with two years' training at Plymouth Teachers College and with attendance this past summer, was elected to replace Mrs. Gertrude Severance who resigned to accept a position in the southern part of the state.

The enrollment this year in the six grades is 75 as compared with a total of 71 last year. On February 2, 1953 there were 29 pupils registered in Whitefield High School. There were 19 pupils registered in Grades 7 and 8 in Whitefield and three pupils in the lower six grades.

The report of the school nurse shows that 70 pupils were examined for vision, hearing, teeth,

height and weight. The following defects were found and reported: Vision 8, hearing 5, teeth 70 and tonsils 4. All children were reported to have been successfully vaccinated. Dental clinics were conducted in Littleton and with the cooperation of a number of parents, children were transported to the dentist.

All classes have been provided with adequate materials and teaching aids to insure good training. Mental maturity tests are administered to Grades 1, 3 and 5 each year and all children are given achievement tests in the spring to determine their progress.

The school lunch program is being continued this year. The teachers and parents are to be commended for carrying on this program under such adverse conditions.

Your teachers attended a two day music workshop this fall under the direction of Miss Alice Baumgarner, Director of Art Education.

The budget for this next year is of necessity somewhat higher than the revised budget of the present year. This is due to an anticipated increase in the number of tuition pupils this next year. If the amount of state aid allotted to Dalton remains the same as this year, this will mean an increase of about \$1,200.00, however, the governor is recommending an increase in the amount of state aid from \$600,000.00 annually to \$900,000.00. If this increase is approved by the legislature Dalton should receive an additional \$1,400.00 and the assessment can then be no more than last year and possibly less. We were very fortunate this year that sufficient savings could be made to offset the cut in state aid.

In closing, I wish to express my sincere appreciation to the citizens, the school board, teaching staff and other district officers for their continued cooperation.

Respectfully submitted,
LESLIE S. CUMMINGS,
Superintendent.

Team Work Will Do the Job

Team work has won victories from time immemorial—for families, towns, cities, states and nations. Team work is the highest form and most democratic example of cooperation. Without team work, America and Americans would never have achieved the greatness that is theirs. We are all aware of its power and appeal. It is no less needed now than in the past.

Team work among those who live, work and recreate in and near the woodlands, is vital. There never was a time when our woodlands as a whole were in such precarious condition as they are now.

Since the hurricane, nearly 900,000 acres of slash have been added to our already sizeable slash problem. If we are to avoid unnecessary trouble with fire in our woodland areas everyone must cooperate—we must have team work. The remedy is simple—

YOU and YOU and You and You

MUST secure the required permit from your local forest fire warden before burning.

MUST use necessary precautions while burning or smoking in or near woodlands.

MUST not throw lighted cigars, cigarettes and matches from vehicles moving along highways.

Otherwise YOU might well contribute to a costly and damaging fire. And don't forget that fire might destroy your own property!

REMEMBER—Only YOU and YOU and YOU can prevent fire!

TEAM WORK WILL DO THE JOB!
